

The Hongkong Telegraph

THE DRAGON MOTOR GARAGE, LTD.

Dr. Nansen has been awarded the Nobel peace prize.

Dr. Eddy gave a striking instance of bribery and corruption in one province he had visited recently, "which was rich in copper deposits, \$140,000 was required for opening up the mines, but only \$40,000 was used, the balance \$100,000 finding its way into the pockets of various officials. I concluded this reference with the words:—"No one can save China but her own people, her own leaders and her own students."

Defendant told the Court that the revolver belonged to a man on the President Jackson. That man wanted him to exchange his suit for it. Defendant did not want to make the exchange. Portuguese wanted to buy the revolver and defendant arranged to meet him and show it to him and fix a price, so that he could inform the man on the President Jackson.

All racing enthusiasts in Hong Kong will be pleased to learn that Mr. John Johnstone will be racing here next meeting. He has been a Social Union and Christmas Club member for high prices, it is said, and he is bringing them down with him. No subs. of his have yet arrived.

With the longer training season and with a great many ponies to choose from, next year's racing promises to be as successful as the former meeting.

THE CANTON LOANS.

Peking, Dec. 9.—In view of mis-
leading reports appearing in the
press regarding the British Govern-
ment's connection with the loans
negotiated by the Anglo-French
Corporation at Canton, Reuters is
authorized to state that the Wash-
ington Post was informed on 10th
November that while the British
Legation cannot interfere in the
legitimate commercial activities of
British firms, the Corporation has
been warned of the Chinese Govern-
ment's declaration that loans to
provincial authorities, which in-
volve Chinese public property, cannot
be recognized unless they have
received the sanction of the Central
Government.—Reuters.

CHINESE POLITICS.

Peking, Dec. 9.—It is understood
that the President, having failed to
persuade Wang Tsh-shieh to carry
on after to-morrow, contemplates
appointing Li Ken-yuan acting
Premier pending action by the
House of Representatives on the
nomination of Chang Shao-tung.
It is further understood that this
appointment will probably be announced
today or to-morrow.—Reuters.

JAPAN AND CHINA.

Peking, Dec. 10.—Four Sino-Jap-
anese Postal Agreements, relating to
the exchange of mail, insured
letters, parcel post and postal
money orders were signed last
evening. These agreements are in
connection with the withdrawal of
Japanese post-offices in China,
which takes place on January 1
next.

POLICING TSINGTAO.

Tokio, Dec. 9.—The Foreign
Office announces that at the re-
quest of the Chinese authorities,
who are desirous of maintaining
order in the territory of Tsingtao in
view of the present feeling of
anxiety, the Japanese Government
has decided to postpone the
evacuation of troops from the
city.

After a full understanding with
the Japanese Corps at Peking,
the police arms and ammunition
for safeguarding Tsingtao will be
supplied to the Chinese garrisons
when the Japanese troops are
withdrawn, which will be not
later than 15th December.—Reuters.

EARTHQUAKES.

EARLIER TELEGRAMS

FREEDOM OF THE STRAITS.

Lausanne, Dec. 8.
At the afternoon sitting of the Conference, Lord Curzon said he
regarded the Allied proposals as an adequate guarantee against a
surprise attack on the Straits, but he proposed that the Allied and
Turkish jurists confer regarding a further international guarantee
of a political nature.

Lord Curzon thought the demilitarized zone on the Bosphorus
should be retained, but suggested certain limitations in the case of
Constantinople. He expressed the opinion that other minor differences
were susceptible to friendly settlement.

Baron Haysin emphasized Japan's interest in the question of
the Straits, and associated himself with Mr. Child's utterances. He
was confident, from Lord Curzon's remarks and the manner in which
Ismet Pasha approached matters, that the problem was approaching
settlement.

SEQUEL TO WASHINGTON CONFERENCE.

London, Dec. 10.
Commenting on the naval position, the Sunday Times declares
that the country is perturbed at the amazing sequel to the Wash-
ington Conference.

Great Britain, the United States and Japan signed and have
ratified the Treaty, but France and Italy, who also signed, have
not ratified it and possibly never will do so.

In consequence, the Treaty so far has proved null and void.
Great Britain regarded the Treaty as binding, but now finds her-
self relatively weaker at sea than ever before. The lapse of the
Treaty will find Great Britain about the equal of Japan in capital
ships, and decidedly inferior to the United States.

The Sunday Times urges the Government immediately to
construct two new capital ships, as permitted by the Treaty and
approved by Parliament.

The paper declares that the Royal Navy and the Mercantile
Marine are the two things that Great Britain cannot allow to fall
away in strength.

CLEMENCEAU IN AMERICA.

Washington, Dec. 9.
M. Clemenceau pleaded for greater participation of the United
States in the world's affairs, before a distinguished company of
diplomats and other officials. He interpreted an extract from President
Harding's address to Congress as an overture looking towards European
rapprochement, for which he hoped. President Harding's words
were: "Follow the Four Power Pact, which abolishes every proba-
bility of war in the Pacific, and which brought a new confidence
in maintained peace. I can well believe it might be made the model
for like assurances wherever in the world any common interests
are concerned."

Reverting to the early days of the war, M. Clemenceau paid a
tribute in the same breath to British and American soldiers, although
he added: "The Americans were a very long time coming."

THE AMERICAN NAVY.

Washington, Dec. 9.
The Navy Department has announced a re-organization of the
fighting forces, whereunder the Atlantic and Pacific Fleets will be
consolidated as the United States Fleet, under the supreme command
of Admiral Elihu Jones, with Vice-Admiral Eberle commanding the
battle fleet unit.

It is announced that this will not involve any change in assignment
of ships or personnel, but will facilitate passing from peace to war
conditions, thereby saving time at the beginning of a war, when time
is vital.

DUNLOP RUBBER COMPANY.

London, Dec. 9.
The Dunlop Rubber Company report for the ten months' period to
June 30th shows a net profit of £538,000. The sum of £44,000 appears
as net trading loss on Dunlop plantations to 31st December, 1921, due
to low price of rubber. The report announces that the Company will
shortly start manufacturing Dunlop products in America.

GOVERNMENT OF INDIA.

Delhi, Dec. 9.
In a striking speech at a lunch in his honour given by the Indian
community, Mr. Sapru, retiring member of the Viceroy's Council, said
his association with the Executive had absolutely convinced him of
the enormous difficulties confronting the administration. He was an
absolute believer in the self-government of India within the Empire
and country.

THE IRISH REPRISALS.

London, Dec. 9.
The Labourites and other Deputies in the Dail strongly condemned
the executions, but General Mulcahy defended them, declaring them
a necessary deterrent to save the country from destruction.

SENSATION IN WASHINGTON.

Washington, Dec. 10.
The apparent collapse of Brazil's move for a tri-partite dis-
armament conference with Argentina and Chili has caused a sensa-
tion in diplomatic circles here.

It is believed in some quarters that the present failure may
seriously handicap the general disarmament negotiations that are
expected to take place, in March next, at a meeting of the Pan-
American Union at Santiago.

NEW ZEALAND LIQUOR LAWS.

Wellington, Dec. 9.
The referendum on the question of prohibition of liquor resulted
in a majority of 16,133 in favour of the present licensing system.

SKIM MILK

WHAT IS IT?

It is milk from which most of the fat (cream) has been
removed.

Is it nourishing? Is it healthful?

IT IS BOTH!

We feed our calves on Skim Milk. You will never starve
drinking Skim Milk. It contains all the nourishing
elements—the casein, etc., which ordinary milk contains
(less the fats only), and is far more easily digested than
whole milk because it is not rich in fats.

Skim Milk is a low-priced milk, especially suitable for
making puddings and thickening soups. It also has
many other uses.

TRY IT!

You will soon be ordering it by the gallon.

A plentiful supply always on hand. Skim Milk is
loaded with the now famous VITAMINES. Regular
milk drinkers seldom suffer from diseases due to lack of
Vitamines.

Milk for the kiddies is a builder of bone and muscle.
Be on the safe side and let them drink Skim Milk
instead of water.

ALLEGED FRAUDS.

London, Dec. 9.

The Chancery Court has appointed a receiver of the China House, Knightsbridge, premises, occupied by E. A. Enever, who is charged with fraudulent company promotion. The names of the following companies, of which Enever is alleged to be the mainspring, appear on the brass plate at the entrance of China House:

Sumatra Jultonic Rubber Estates.
Shaveyin Rubber Plantations.
Prudential Land Society.
Anglo-Chinese Trust Mercantile Co-operation.
British East India Oil Company.
Golconda Metal Company.

The Court was filled with Chinese, including Mr. Tsang Woon-sun, Chinese Consul-General.

CHINESE IN ENGLAND.

London, Dec. 9.

At the inquest at Cardiff on Yee Sing, proprietor of a Chinese laundry, who was found dead in bed with three English girls, sisters, at his side, the police stated there were no traces of opium or other drugs found on the premises.

One of the girls gave evidence that she had whisky and tea and became dazed.

The verdict was that death was due to heart disease, accelerated by opium poisoning. The jury recommended that the Coroner communicate with the authorities to secure for the police wider powers of inspection of Chinese laundries.

CARPENTIER AND SIKI

Paris, Dec. 10.

Carpentier has telegraphed to *Le Matin*, accepting in principle the offer of the French business-men of a purse of 300,000 francs for a return fight with Siki, all the money to be given to scientific laboratories.

Siki writes to say that he is willing to meet Carpentier for the sake of his (Siki's) honour and agrees to the conditions stipulated by the business-men.

LABOUR AND GOVERNMENT.

Labour troubles still command attention in Canton, where we observe that an effort is to be made to form a Bureau, which is to include representatives of capital and labour, for the purpose of settling disputes as they arise. Apparently the idea is to prevent strikes, with all the annoyance and inconvenience which these upheavals invariably bring in their train. The plan is an excellent one, provided all parties are willing to participate with an honest desire to secure amicable settlements of disputes, and provided there is some guarantee that the decisions of the Bureau will be respected, once they are promulgated. But labour has been so intractable of late that we have our doubts on these points.

It appears that some difficulty is being experienced in selecting a Director for the Bureau, for, apart from being capable to fill the post, it is essential that this official should hold the balance fairly between the two elements. The *Canton Times* mentions his point, but speaks of the necessity of the official looking after the interests of labour on behalf of the Government, as well as of respecting the rights of capitalists. Our idea was that in labour disputes it is the duty of Governments to act impartially, to hold a brief for neither side. Our contemporary appears to regard Labour and the Government as one and the same, or, at any rate, to imply that the former must always command the support of the latter. That is a dangerous attitude to take, and it is illuminating in view of the troubles in the recent past, when there was believed to be official backing of the labourers in certain big disputes.

We wish Canton well in its effort to create some organisation which shall serve to prevent, or mediate in, industrial troubles; but if any real good is to be done there must be a recognition of the point that it is no part of a Government's duty to take sides. There is a distinct fear at the moment that mob agitation may result in the weakening of authority.

America and Prohibition.

It has been patent to observers of the situation that prohibition in America has not been exactly a success. Statistics have been published from time to time which sought to prove that there has been a great reduction in the number of cases of drunkenness, and of violent crime, but the "wet" crusaders have in turn alleged many instances where the system has proved a failure. That prohibition has been an irksome imposition, both for the people of the country at large and for the officials whose duty it is to impose the restriction, can easily be believed. That the law is not being very successfully enforced is also fairly evident. We have been told various stories of successful and profitable bootlegging, of "graft" creeping in, and of abuse of the system of medical certificates. The authorities in the United States have had a great deal to contend with, from the early days when people were being poisoned by drinking wood alcohol up to now, when rum-running is being indulged in along the coasts. The attempts to extend the three-mile limit, and the recent ruling as to ships going "dry," indicate that the American Government realises that there are avenues through which "booze" is still freely passing. President Harding's message to Congress last Friday foreshadows the first admission by the authorities that they are up against too big a proposition, and there seems every chance of a distinct modification of the prohibition laws.

Fighting Anthrax.

A grave menace to the health of the public has been the possibility of anthrax germs being carried in hair-brushes, shaving-brushes, and so forth, manufactured from the hairs of animals that have died of the disease. In countries where the greatest care is taken that the carcasses of animals that have died of anthrax are wholly destroyed, this risk of a spread of infection hardly ever arises, but unfortunately there are men who are so unscrupulous as to care nothing about selling infected wool or bristles so long as it means a profit to themselves. There was a very serious outbreak about three years ago, when quite a number of persons in Europe and America died of anthrax contracted through the use of brushes imported from the Far East, and an agitation against the use of articles with this origin arose. Matters improved then, but apparently the menace still exists, for the International Anthrax Commission has been formed, and a few days ago met in London to discuss ways and means to prevent the disease being communicated to innocent workers, and users of infected goods. The commission, according to a Reuters cable, has drawn up a convention embodying drastic disinfection restrictions. They are certainly not too rigorous for the matter concerned, and we trust that the commission's labours will meet with every success.

YACHTING.

Saturday's Racing.

Travellers to Kowloon by the Star Ferry on Saturday afternoon at about three o'clock had to wait a little while before landing, on account of a fleet of yachts being becalmed just off the Kowloon pier.

The race in progress was the re-sail of this season's third race for the Championship, all classes taking part. When the race was sailed previously, none of the boats finished within the time limit, and on Saturday a similar result was narrowly missed. There was very little wind and what there was proved to be erratic. The course was from the Club House buoy round Stonecutters' and back again, and the only boats to finish within the time-limit were some belonging to the Handicap Class. All the other classes failed to qualify.

The winner was "Rolla," sailed by Mr. N. V. A. Croucher; the second place was secured by Argula II, sailed by Mr. H. J. Pearce; the third place was taken by Diana, sailed by Captain T. Arthur; whilst Colleen, sailed by Mr. McClatchie, was fourth.

"Rolla" now stands an easy first in the fight for championship points. Some of the boats competing on Saturday made a late home-coming.

The health return for Saturday and Sunday shows three cases of enteric (two Chinese and one imported British), as well as two Chinese cases of diphtheria.

Regarding the Fukien situation, our Canton correspondent says General Hung Shiu-lun has reported that he entered Fukien territory on the 8th instant.

The China Navigation Company's s.s. *Shantung*, which went ashore near Swatow, has been refloated and will be towed to Hongkong by the tug *Taikoo*.

A small fire broke out on the premises of a wholesale medicine dealer, 92 Bonham Street, at a quarter to four this morning. The outbreak started, it is stated, owing to a drying stove overheating. The damage, estimated at \$2,000, is covered by insurance.

Playing on their own ground on Saturday afternoon, the Hongkong Football Club's Rugby fifteen lost to a team from H.M.S. Tamar by eleven points to nothing. The Club had a weakened side doing duty, but the game was a good one and enjoyed by a fair attendance of spectators.

"Ye Merrie Melodie Men"—the name of the new American Jazz orchestra at the Kowloon Theatre—should thoroughly justify the management's decision to devote more nights to dancing at this popular dancing centre. On Saturday night the instrumental combination was certainly excellent, which, together with the pep of the players, made the evening an unqualified success.

A new book by a H.-G. Wells, or a new play by J. M. Barrie, are not looked forward to with a keener nor more pleasant sense of anticipation than, in the moving picture world, is a new comedy by Harold Lloyd. Local cinema patrons, therefore, may be excused a little excitement over the news that for a whole week, beginning to-day, the bespectacled comedian's latest five-part feature is to be shown at the Coronet. Entitled "Grandma's Boy," it shows Harold Lloyd in a role vastly different from those he has portrayed in most of his previous pictures. He figures as a young man who has all his life been a slave to fear. How he overcomes his cowardice, with the wise help of his little old grandmother, and eventually, as the Americans say, "beats every one to a frazzle" in true Harold Lloyd style, makes a picture which reveals the droll comedian at his very best.

Hawkins v. Club.

Great interest was taken in this match, played on the South China ground, as the winners were expected to have a chance for League honours. As generally expected, the Hawkins won after a very hard struggle. The sailors put more dash into their play than the Club and at times the exchanges were on the rough side. Charging is allowed, but when a player has a tendency to lift a man off his feet by raising his elbow, that is not allowed. The game opened with a sensation, for hardly had the whistle blown to start the game, when the Club were once up. This put plenty of life into the play, and the sailors had a couple of players stretched before the game was 15 minutes old. However, the Club maintained their advantage until the interval. After the change of ends for a time it seemed easily the Club's game, for several chances were missed by wild shooting and once during a scramble in the goal-mouth Valentine netted, but the goal was disallowed owing to two of the Club men being up on the goal line and one of them attempting to play the ball as it passed on its way to the net. After this let-off, the sailors levelled up following a corner kick, Osborne getting the ball past Rodger. From the centre-kick, Forsyth was given offside when nicely placed. The game went on in ding-dong fashion, each team struggling for the winning goal which eventually came to the Hawkins following another corner kick. Stirk, meeting the ball, sent it along the ground and Osborne facing the ball deflected it passed Rodger by backheeling and scored the winning goal for his side. Just on time, Forsyth headed in from a pass by McTavish and a fast game ended in a win for the sailors by two goals to one.

Ambrose v. South China.

A large crowd witnessed this game on the Navy "A" ground, the start being delayed owing to the defiant attitude taken up by a section of the Chinese spectators who refused to budge at the request of the Committee of the S.C.A.A. and the assistance of the police was called upon. After ten minutes' delay, the teams got to work and for the first twenty minutes there were nothing between them. It was left to Chui Kwong-Yeung to open the score, and he beat Coysch with a good though rather lucky shot, as the ball hit the upright before going into the net. South China did not keep the lead long, for Edmonds beat Lau and made the score one all. In the closing half after a hard tussle, Hood beat Lau and the Ambrose won by two goals to nil.

Police v. Durban.

The Police failed to maintain their advantage gained in the first half when they scored two goals without a reply from the Durban, for they finished two goals all and again disappointed their supporters. The game was in favour of the Police during the first half and Johnson was responsible for the two goals. The sailors were unlucky to lose their centre half in the opening stages and played ten men only for the rest of the game. In the second half, Darlison scored for the sailors from a penalty kick awarded against Post, and before the call of time Yeonan beat Swan.

King's v. Kowloon.

At Sookunpoo, the King's maintained their position at the head of the League by beating Kowloon by two goals to nil. The game was mostly in favour of the military team and all the scoring was done in the first half. Jones was the first to score, heading in from a well placed corner kick and Dyer scored the second after an individual effort, running past

CRICKET.

Clergy v. Medical Officers.

By the kind permission of the Hongkong Cricket Club, a match will be played next Wednesday, 13th inst., starting at 11 a.m., between a Clergy XI and a team of Medical Officers. The following will represent the Clergy—The Rev. H. R. Wells, Baptist Mission (Captain); Rev. Father Walsh, American Catholic Mission; Rev. Father Purcell, H.M.S. "Tamar"; Rev. H. Harrison, H.M.S. "Hawkins"; Rev. H.S. Crole-Rees, H.M. Naval Yard; Rev. A. Stewart, St. Paul's College, C.M.S.; Rev. E.W.L. Martin, St. Stephen's College, C.M.S.; Rev. K. Quick, St. Stephen's College, C.M.S.; Rev. W. T. Featherstone, Diocesan Boys' School; Rev. H. S. Bail y, Chaplain to the Bishop of Victoria; Rev. Copley Moyle, St. John's Cathedral; or Rev. G. T. Waldergrave, Seamen's Institute. Scorer—Rev. M. Shewell, Chaplain to the Forces. Umpire—Rev. J. T. Holman, St. John's Cathedral.

POLO.

Saturday's Tournament.

An interesting polo tournament was held on the Polo Ground, Causeway Bay, on Saturday, four teams taking part. In the final match, between "B" and "C" teams, there was no score, and as the latter team had already scored most goals they were declared the winners. This team was composed of Mr. Bartholomew, Lieut. Redding, Major General Sir John Fowler and Lieut. Comdr. Hooper. At the close, Lady Rees Davies handed to the members of the winning teams small silver cups kindly presented by Mr. C.C. Boyd.

the backs and giving Woodman no chance. The second half was more evenly contested but the King's had the upper hand and only bad shooting kept the scoring down.

Titania v. R.G.A.

At Sookunpoo, the sailors quite took the soldiers by surprise in the second half of the game and piled on four goals. The first half was evenly contested and the interval arrived with the score sheet blank. Resuming, the Titania went off with great dash and had the R.G.A. easily beaten, for in less than ten minutes the sailors were three up, Rogers scoring twice and Grice sending in a shot from almost on the goal-line, the ball landing in the net. Rogers again got through before time and the sailors won by four goals to nil. Emery and Weedon, recent arrivals in the Colony, played a great game for the winners.

Junior Games.

At Kowloon, the League leaders strengthened their position at the head of the table when they defeated the home team by five clear goals. Barnett scored two and Dangerfield, Love and Carr one each.

The Hawkins scored a fine win over the Durban on the Navy "A" ground by seven goals to one. The Durban opened the score through Anderson but then the Hawkins began to indulge in shooting practice and Wallman (3), Millit (2), Pope and Hewitt scoring, the flagship won at above.

St. Joseph's got home against the Police when playing on the Club ground by five goals to nil. Ogley (2), Miller and Xavier scored before the change of ends, and Ogley added another from a penalty before the call of time.

The United were unlucky to share the points with the Marazion when playing at Sookunpoo. The United had a lead of two goals to one in the first half, but the sailors put on two and the United again scoring, the match ended in a draw of three goals all.

Walls, of the Auxiliaries, should be a proud man to-day, for he is the first player to register a goal for his side. Playing against South China "B" they went down by two goals to one; Ip Kau and Kwok Po-kan scoring for the winners.

The Ambrose beat the Warders after being one down on the Navy "B" ground. The game ended in a win for the sailors by two goals to one.

At Sookunpoo, the R.G.A. got the verdict over the Titania by the narrowest of margins, i.e. one goal to nil.

A contest to select the most beautiful woman in Rumania awarded the crown to Mme. Alexandrescu. European cinema producers will star her in films.

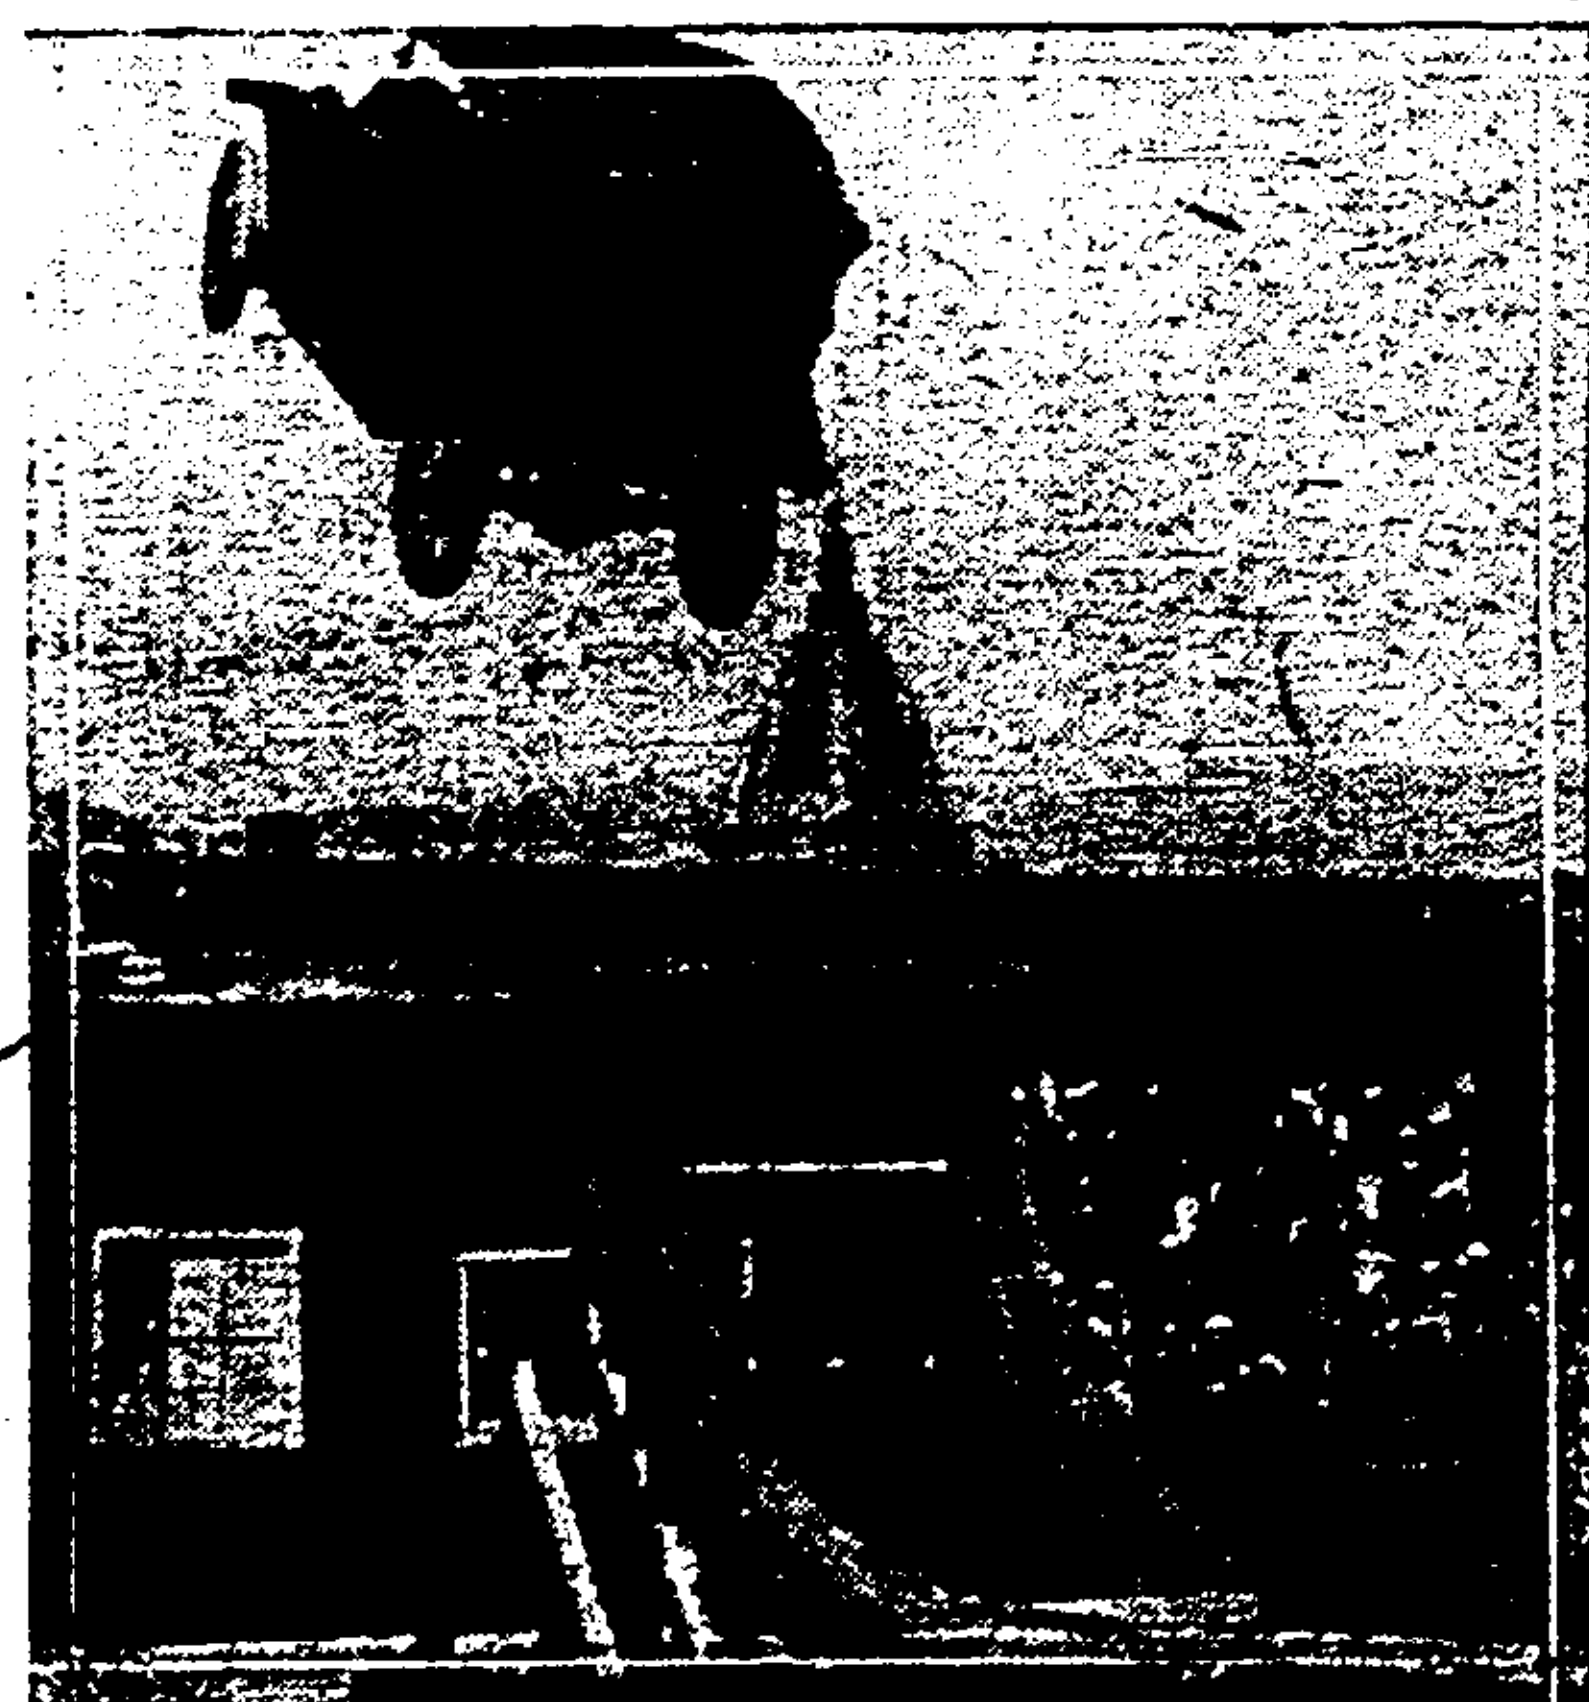

A TWO-STORY LIVING ROOM ONE OF 50 ENTRANCES AT MORELAND COURTS

Cleveland is to have a Garden City de luxe, comprising six monster blocks of apartmenthouses, one of which is seen above. These will house 5,000 people and will include theatres, stores etc. Rents will range from \$60 a month for small suites to \$500 for a dozen rooms with three or four baths.

"For King, for Italy and for the Fascismo" was the cry of Mussolini's "black-shirts" as they advanced to power over the Socialist strongholds in northern Italy. This photograph is the first to reach us showing the Fascisti marching into Milan and assuming control.

Here's the latest breath-catcher, at an Oakland, U.S.A. amusement park. A small touring car, running under its own power, speeds along a track, up an incline, and leaps high in the air, clearing the roof of a 15-foot house by a good ten feet.

Bearing 252 survivors of the ocean tragedy in which the "City of Honolulu" was destroyed by fire 600 miles at sea, the army transport "Thomas" reached Los Angeles. At the top along the rail of the "Thomas" are a few of the young women who were rescued. At the bottom are shown two of the babies who came safely through the disaster.
